

WORLD AUTOMATION CONGRESS

WAC 2022

15th Bi-annual Congress

Michael Heckman, MD
Orthopaedics, Sports Medicine and Arthroscopic Surgeon
San Antonio, Texas, USA

Outstanding Achievement Awardee

Bio: Michael Heckman attended the University of Texas Health Science Center at San Antonio Medical School graduating with his MD degree in 1983. He finished his General Surgery Internship and Residency in Orthopaedics Surgery at Emory University in Atlanta, Georgia in 1988.

He takes pride in offering high quality and very personal care to all of his patients. We want every patient to have a positive experience working with us and the best possible outcome from the care he has been providing them. Unlike other Orthopaedics Surgery practices, his patients will always be evaluated by Dr. Heckman or in many cases by more than one Orthopaedics surgeon. Their Orthopaedics care will not be directed by a (PA) physician assistant, nurse practitioner or family practice physician.
